Subject: Final Permit Decision: NGS Refined Coal Project
Attachments: 08-31-2016_Frazier_SRP NGS.PDF

Hi Kyle,

I received your voicemail this morning. We have drafted a letter to Kenneth Joe Frazier, Plant Manager at Navajo Generating Station, which indicates that EPA's Environmental Appeals Board has reached a decision to deny the petition for review. The permit is effective as of today, August 31, 2016 and construction of the project may commence. You may refer to the electronic docket on the EAB's website for a copy of the Order Denying the Petition for Review.

Please let me know if you have any questions on this matter.

Sincerely,

Larry
